

KODAK

USB-C Hub (6-IN-1&HDMI)

T340

Specification

KODAK USB-C Hub (6-IN-1&HDMI) Model: T340

T340 is a multifunctional six in one USB-C docking station, equipped with 3 USB3.0 ports, 1 USB-C data port, 1 HDMI high-definition port, and 1 USB-C PD charging port.

Mainly used as a USB-C interface for laptops, tablets, or mobile phones to solve the problem of insufficient interfaces and meet the interface requirements of users in different application scenarios such as business, office, learning, and entertainment.

High quality main control chips and converters are used internally, and the aluminum shell of the body is anodized in gray color. The surface is sandblasted with a delicate and durable feel, and has strong heat dissipation.

The wire is made of PVC material, which is soft, strong, and resistant to breakage. It uses multiple thick tinned copper cores inside, as well as multiple layers of shielding such as braided mesh and tin foil shielding layers. It has strong anti-interference ability, more stable transmission, and can be used under load for a long time.
