

KODAK

CFexpress Type B card CFE3 V400 流光 Specification

KODAK CFexpress Type B CFE3V400 is a memory card meticulously designed for videographers, strictly adhering to the VPG400 (Video Performance Guarantee) standard. It ensures a sustained minimum write speed of 400MB/s, guaranteeing uninterrupted recording of high-bitrate video formats.

Furthermore, with exceptional maximum read speeds of up to 1800MB/s and write speeds of up to 1650MB/s, it significantly reduces the export and transfer time for 4K/8K video footage, greatly enhancing post-production workflow efficiency.

This card is compatible with all mainstream cameras supporting the CFexpress Type B standard, offering plug-and-play convenience. Available in multiple capacities, it comprehensively meets the diverse needs of different users.
